## SUMMARY

I'm a motivated ICT student with real-world experience in production planning and customer service. I enjoy solving problems, learning new skills, and working in a team. I'm especially interested in backend development and some web development for frontend. With strong technical skills and a proactive attitude, I'm ready to contribute to new challenges.

## EXPERIENCE

- Incubation** 2024-2025  
Backend Developer
  - Gained hands-on experience in backend development, database design, and user authentication.
